Commission

IMPORTANT INFORMATION

The Saskatchewan Apprenticeship and Trade Certification Commission (SATCC) has been notifying Rig Technicians for Apprenticeship training since October of 2009.

We are now opening the remaining seats for training to the apprentice and the employer on a “**first come, first served**” process.

If you have an apprentice wishing to attend technical training this spring you or the apprentice will need to contact:

**Sandy King
Training Coordinator
(306) 787-7395
Toll Free: 1-877-363-0536**

The employer or the apprentice will need to speak directly with Sandy and the SATCC will require the tuition payment to be paid by credit card over the phone in order to confirm and hold the training seat.

The SATCC Technical Training Schedule listing the available courses for the spring of 2009 can be viewed on our web page at www.saskapprenticeship.ca under Publications and Videos.

The Technical Training Schedule is published and available around the end of June every year.
